

90-degree downward-curving cable tray

Overview

This 90 degree tray offers a 24" bend radius for ease of coax installation. Model numbers are 12CTD90 (12" wide), 18CTD90 (18" wide) and 24CTD90 (24" wide). Covers and Armorduct offer a comprehensive range of cable tray including light, medium and heavy duty cable tray and associated accessories to suit various applications. At Hitech, 90-degree cable tray bend are available in a variety of widths, from 50mm up to 900mm or more as per customer requirements, to. A cathodic action occurs on cut surfaces (up to 1.5mm) that protects against oxidation. First, the steel is chemical cleaned and roughened in order to achieve a good bond. After the dipping process, the surplus zinc is blown off and one obtains an extra passivating coat (an ultra-thin protective). Ensure your cable tray solution is designed for your application, with our vast range of ladder tray fittings. Connects to any ASP cable tray with splice clamps provided.
