

Cable Bridge Project in Democratic Republic of Congo

Overview

The Brazzaville–Kinshasa Bridge is a proposed road-rail bridge construction project over the Congo River. It would connect the Republic of the Congo with the Democratic Republic of the Congo at their respective capitals, Brazzaville and Kinshasa. In February 2026, officials from the two countries. Johannesburg, Republic of South Africa, 15 March 2025 - GED Africa Ltd, through its local subsidiaries, and China Civil Engineering Construction Corporation (Zambia) Limited; and STE China Civil Engineering Construction Corporation RD Congo SARLU (CCECC) signed the contract for the construction of. Africa50 facilitated the signing of the Inter-Governmental Agreement between the Republic of Congo (RC) and the Democratic Republic of Congo (DRC) for the Rail-Road Bridge linking the two capital cities Kinshasa and Brazzaville. This figure was announced during a restitution meeting held on Wednesday, January 15, 2024, and chaired by Prime Minister Judith Suminwa. In 2017 this project was market packaged and developed by GIZ and AUDA-NEPAD with the national authorities and ECCAS.
