

# Communication connector box heat shrink tubing

## Overview

Available in single wall tubing and dual wall tubing, our heat shrinkable tubing is engineered for use in numerous applications, including back-end connector sealing, breakouts, and connector-to-cable transitions. It is a solid alternative to taping, molding, or potting. The tubing can also be used for quickly and effectively identifying wires and cables. CYG-FEP. KTG specializes in the production of communication and power-related products, including heat shrink busbars, various types of heat shrink and cold shrink cable accessories, medium-wall tubing, and more. In this way, it shrinks tightly around the cable or connector and provides. As an ISO-certified specialist distributor, E-M-C-direct GmbH & Co KG offers you shrink tubing of the highest quality at fair and transparent prices. We have the right heat shrink tubing for every.
