

Gulf Region EPON Equipment 100G

Overview

FOH-100 Series G/EPON Tester is an ideal tool for field technicians to deal with G/EPON network correct installation, activation and maintenance. OLT information (PON ID*, Tx power), ONU information. The Signal Quality Analyser MP1800A Series 100G-EPON Test Solution has been launched by Anritsu. The newly developed 100G-EPON Application Software MX180014A and Signal Quality Analyser MP1800A support BER measurements of OLT (Optical Line Terminal) and ONU (Optical Network Unit) for the latest. Focuscom own R&D team, powered by XGSPON and 100G Switching technology Delivering expert OEM/ODM customization services to customers worldwide Since 2014, Focuscom has empowered municipalities, enterprises, and telecom operators across China and global markets with future-ready network. Thank you for your interest in our product. Please call our Customer Service team at 800-358-7378. We offer a wide range of OLTs, ONUs/ONTs, and SFP modules supporting EPON, GPON, and 10G XGSPON technologies for any FTTH project.
