

Installation price of air ducts and cable trays

Overview

Homeowners can expect to pay \$10 to \$25 per linear foot for new ductwork installation, including both materials and labor. Larger or more complex homes may see higher costs. Crucially, the added material and labour for thermal insulation often constitutes a major portion of the total cost. Fully sealed and enclosed to maintain air pressure. Galvanized iron (GI) is the most common material for air conditioning and ventilation ducts. The. The cost to install a duct will vary depending on the level of work associated with your specific contract. Basic cable tray systems cost \$3-15 per foot depending on type and material Installation labor adds \$5-8 per foot to total project costs Ladder trays typically cost 20-30% less than solid bottom systems Bulk orders of 1000+ feet can reduce unit pricing by 15-25% Regional variations can impact. Joe quickly realized the difference between spending 15 EUR/meter on rigid conduit versus 9 EUR/meter on cable trays would mean thousands of euros saved on the project – but only if installation complexity didn't add hidden costs.
