

Installation price of small secondary distribution boxes

Overview

Materials \$450, labor \$900, permits \$0-\$200, total \$1,350-\$1,550, per-breaker costs vary, overall project time 4-6 hours. Span reflects standard new breakers and enclosure. Mid-Range: 150-200A upgrade, some rerouting, outdoor panel, weatherproof box. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. These can cost from \$200 to over \$2,000. They usually cost \$20 to \$150. When you start looking for a distribution box, you'll quickly realize the price range is wider than a highway. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. Expect these price points when budgeting for 2025 installations: Quality power cables make or break your electrical system.
