

Intelligent Installation Solution for Corrugated Conduits in Israel

Overview

Providing precision-engineered metal tools and cable installation systems tailored for the demanding Mediterranean climate and urban density of Israel. Integrating advanced material science with rugged design to ensure seamless cable deployment in Israel's complex underground. If you are buying or selling existing conduits or as-builts new conduit or pipe, or installing cable in conduits, you need a map. Cut costs, boost efficiency, and unlock better decision-making with Intelligent Mapping—designed for both the C-suite and the field. Analyzing. The new FIPSYSTEMS product range of FRÄNKISCHE Industrial Pipes GmbH & Co. KG offers a straightforward, transparent and highest-quality selection of cable protection components. This robotic cell is able to pickup the products with magnets and create diamond shape piles of tube. A conduit is a protective. Magalcom is licensed by leading global manufacturers to plan, supply, install and maintain structured cabling systems made by; Panduit, Tyco AMP-NetConnect, R&M and 3M, Systimax, Siemens, Corning and more. Magalcom is also licensed and approved by leading government bodies, including the Standards.
