

Malawi to Optical Cable

Overview

Malawi's President Lazarus Chakwera has launched phase II of the country's national fibre backbone project, central to the country's digital transformation. The project is being implemented by Huawei Technologies and will include nearly 3, 000 kilometres of fibre optic cables. The Optic Fibre Communications (OFC) is a semi-autonomous department within ESCOM that operates a national wide overhead Optic Fibre backbone network strung on electricity infrastructure reaching all parts of the country and the National Data Centre supported by the Malawi Government. This gives. 6Wresearch actively monitors the Malawi Fibre Optic Cable Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights help businesses to make data-backed strategic decisions with ongoing market dynamics. In 2024, Top exporters of Optical fibre cables, made up of individually s to Malawi were China (\$220. 50K, 18,619 Kg), South Africa (\$90.
