

Nepal Fiber Optic Distribution Cabinet 12-core

Overview

NEATEL's distribution box terminates outside optical cables with up to 12 fibers; it allocates 12 adapters for connecting with max 12 drop cable pigtails, it is also suitable for using with mini splitters. The box works under both indoor and outdoor environments. Dust-proof design with IP-45 Protection Level. * Suitable for the fusion splice or mechanical splice. * Embedded type surface, easy for. Built to withstand harsh environments, the IP65 rating protects against dust and water, ensuring reliable performance and longevity in outdoor installations. Designed for scalability, this box accommodates up to 12 fiber optic cables, making it ideal for both small and expansive network. The 12 Core Fiber Optic Splice Closure is designed for outdoor fiber splicing, distribution, and protection. It ensures reliable sealing, durability, and easy maintenance for aerial, wall-mounted, manhole, and underground installations. The 12 Core Fiber Optic Distribution Box is meticulously crafted using high-quality ABS+ material, guaranteeing exceptional protection and achieving an impressive IP 65 protection level. It is a perfect costeffective.
