

Outdoor long-distance jumper wire

Overview

Outdoor Ruggedized Jumpers are simplex or duplex fiber optic cable assemblies designed for outdoor use. Available with different connectors and fiber types. Multiple configurations for long-distance transmission. Products in the jumper wire family are primarily used in hobby or development contexts involving the use of solderless breadboards and/or interconnect systems based on common 0. These assemblies use bend-insensitive fiber to help eliminate bend-radius issues inside the NID. Whether you're linking buildings, running broadband in rural areas, or building 5G infrastructure, the right cable matters. This. Polar Wire exclusively manufactures top quality Jumper Cables and Jumper Cable Harness Systems with its own Arctic Superflex Blue® 100% Copper Double Conductor Wire for unmatched performance and durability.
