

# Price of cable tray installation in residential buildings

## Overview

Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Below are the list of manhours required for electrical installation. Manhours below include hauling from storage, layouting and installation of conduit at a height of 3 meters. All you do is get a tray and climb up a ladder, and cover the existing ones with a new piece of wire. The average cable tray price per meter ranges from \$2 to \$15. Joe quickly realized the difference between spending 15 EUR/meter on rigid conduit versus 9 EUR/meter on cable trays would mean thousands of euros saved on the project - but only if installation complexity didn't add hidden costs.
