

SEL Relay Protection Manufacturer

Overview

SEI Interconnect Products (Europe) Ltd. (SEPE) is the sales partner of SEI Identification Solutions (formerly Siegrist Orel), a company that has been producing performance cable markers, sleeve identification and protection products to the highest standards and specifications since. SEI Interconnect Products (Europe) Ltd. The name. The SIPROTEC 7SA87 is a modular distance protection device for high-voltage lines, offering flexible 1-pole or 3-pole tripping with a minimum 9 ms tripping time. P&B is a leading UK innovator of electrical protection, safety and control technologies. Our specialist expertise and unrivalled experience is relied upon in heavy industries throughout the world to ensure the highest levels of safety and performance. The company manufactures and distributes electric wires, cables and other electronic components in Europe through its own European sales. SEL designs, manufactures, tests, and delivers custom protection, control, and metering panels as well as control cabinets and retrofit doors. SEL panels are supported by an unmatched warranty and extraordinary customer service.

Article Content

Welcome to SEI Interconnect Products (Europe) Ltd.

SEI Interconnect Products (Europe) Ltd comprises headquarters in the United Kingdom, where the company is registered under company number 3639819, as

SE Relays | Schneider Electric United States

SE Relays is a broad line of electro-mechanical, hybrid, solid state relays and sockets used in general purpose and industrial applications.

Protection relays

Protection relays Numerical relays are based on the use of microprocessors. The first numerical relays were released in 1985. A big difference between conventional

SEL-700 Series Protective Relays

SEL-700 Series—Reliable Protection The SEL-700 series protective relays reliably protect and control your power system, from generators and transformers to lines, feeders, and

Company Information

SEI Interconnect Products (Europe) Ltd. (SEPE) is the sales partner of SEI Identification Solutions (formerly Siegrist Orel), a company that has been producing performance cable markers, sleeve

Top 10 Companies Shaping the Future of Protective

Discover the top 10 companies driving the protective relay market. Learn about key trends, innovations, and global market outlook through 2032.

Protection relays for medium and high voltage

SIU-C is a voltage and frequency protection relay which represents the best and most precise protection solution for transformers and electrical machines, in high, medium, and low voltage distribution systems.

Who we are

From our UK design and manufacturing centre in Manchester, we support major utilities suppliers, generators, industrial clients, OEMs, Consultants, EPCs and

Control & Relay Panels

Our range of Protection Relay Panels, Control Panels and Control Desks provide optimum system solutions fulfilling the protection control requirements of

Universal protection relay SIPROTEC 7SY82

Universal protection device with patented universal LPIT input. One device type for the protection, automation and control functions in MV applications.

HighPROTEC Line

The HighPROTEC product range from SEG Electronics GmbH is an outstanding solution for reliable protection in the areas of power generation and power distribution. The user-friendly protection

Products | Schweitzer Engineering Laboratories

SEL designs, manufactures, tests, and delivers custom protection, control, and metering panels as well as control cabinets and retrofit doors. SEL panels are

44 Protective Relay Manufacturers in 2026

44 Protective Relay Manufacturers in 2026 This section provides an overview for protective relays as well as their applications and principles. Also, please take a

Reyrolle | Siemens

Siemens Reyrolle products meet the comprehensive protection requirements of industrial applications, from overcurrent protection and voltage control to auxiliary

Protection relays — ABB Group

ABB's smart protection technology ensures smooth and safe everyday life without blackouts. ABB released its first programmable relays based on the use of microprocessors in 1985. ABB's Relion®

The Relay That Changed the Power Industry

Edmund Schweitzer with the first digital microprocessor-based protective relay, the SEL-21 digital distance relay/fault locator , and the SEL

Power protection relay

Find your power protection relay easily amongst the 61 products from the leading brands (Littelfuse, FANOX, Jinhong, ...) on DirectIndustry, the industry specialist

Top 10 Protective Relay Manufacturers: Market Share

Analyze the top 10 protective relay manufacturers. Get VMR's proprietary analyst insights on market share (18.4% lead), technical scalability,

Protective Relay Market Report 2024-2030 [345 Pages

The global market for protective relay is experiencing significant growth, driven by several key factors. Firstly, the increasing demand for reliable and uninterrupted

Leading manufacturers of Protection Relay industry

This analysis covers global and regional protection relay manufacturers, their market strategies, and competitive positioning. It evaluates product launches, technological advancements, and strategic

Top 15 Relay Manufacturers of 2026

Explore the top 15 relay manufacturers of 2026. Find trusted brands like Siemens, ABB, Schneider, Omron, and Eaton for global supply.

The Top 10 Relay Manufacturers List of 2026

Find the right partner with our relay manufacturers list. We compare the top 10 global players on quality, support, and supply chain to simplify your

Current sensor SEI601

ABB offers a comprehensive range of solutions to automotive manufacturers around the world such as press automation, robots, AMRs, service and training, software and digital, logistics, 3D quality

SIPROTEC Protection Relays | Siemens

SIPROTEC: Multifunctional protection relays Experience the benchmark in grid protection, automation, and monitoring! SIPROTEC 5, built on extensive field experience, offers comprehensive
