

Senegal Cable Tray Project

Overview

The project involves installing two 225 kV power cables offshore, spanning 16 kilometers each, and six two-kilometer 225 kV cables onshore, connecting Dakar's west and east coasts. Offshore work starts in October 2023 and targets completion by the end of 2025. Eiffage, through Herbosch-Kiere (Eiffage Benelux subsidiary) in a 50/50 joint venture with Enshore Subsea (a leading UK based subsea engineering company), has signed an EPCI contract with MCA-Sénégal II for the design, manufacture and installation of undersea electrical cables in Dakar, Senegal. We, one of the reliable PVC Cable Tray Manufacturers in Senegal, offer high-quality PVC cable trays, a cost-effective and easy solution for organizing and protecting your electrical cables. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. Our range is customized and passes stringent quality tests. Cable House has earned loads of appreciation in the market as one of the reputed manufacturers of Cable Tray in Senegal. Since we are loaded with the right resources, we have been involved in offering our products in a comprehensive range in order to meet the requirements of the different.
