

Southern European Metallurgical Cable Tray Supports

Overview

Utilizing state-of-the-art equipment and CNC machines in our production processes, we craft a variety of Cable support Solutions, including cable trays, cable trunks, and ladders, tailored to meet specific specifications. Our cable trays are constructed from materials. These are cable management systems composed of trays, mounting support systems, direction changing parts, connection parts and fittings with the purpose of carrying and fixing cables safely in the electrical installations. Our focus has always been on solutions from the field of cable support systems. Establishing partnerships. The MKS and SKS cable tray systems from OBO Bet-termann have a long tradition. Mechanical Support Systems New! Founded in 2006 as a subsidiary of Çemesan Group, which has been operating in the steel industry for nearly 40.
