

# Zhongguang Level 1 Surge Protection Module

## Overview

ZGZNSD20-F Intelligent SPD is a high-performance, high-intelligence surge protection product independently developed and produced by ZG, which can meet the requirements of high automation and remote monitoring. The product integrates the SPD, monitoring module, and lightning current and leakage. e flame retardant, overcurrent and overheating, and remote signalling alarm functions. With the PCB mounting, it can be combined with other protective elements to form the dedicated lightning protection devices or overv e is 235°C~265°C, the welding time is 2. 5s~10s wh ckage is moisture-proof and. Zhongguang Hi-Tech as modern lightning protection enterprise possesses comprehensive lightning protection technology, complete product series, perfect testing equipment, excellent production lines, and strong manufacturing capability which bring Zhongguang into an enterprise with integrated. The Hi-Tech SPDDC01 Zhongguang SPD DC01 Power Supply Switching Surge Module ZGZD4-26-48K3 is an advanced electrical component designed to protect electronic devices from power surges and spikes. Type1+2 surge arrester designed for low-voltage power supply system protection against surges and even direct lightning strikes at the.

## Article Content

### ZGXT-4R-5P1

ZGXT-4R-5P1 signal surge protector Overview The ZGXT-4R-5P1 Signal SPD is mainly used for protection of the interface circuit of Ethernet with POE, greatly

### Demystifying surge protection

Oftentimes, input IC specifications are driven by the requirement to survive surges, so any designer of front end inputs, whether power or communication, needs a strong understanding of surge

### ZGGS20-670PV1 Modular Power Supply Surge Protective Device (SPD)

General The ZGGS20-670PV1 Modular Power Supply SPD consists of the metal zinc-oxide chip and other antinflaming housing and hardware, characterized by the flame retardant, overcurrent and

### ZGGB40-385 (3+1)

ZGGB40-385 (3+1) General The ZGGB40-385 (3+1) Modular Power Supply SPD consists of three MOV power supply modules, one GDT power module, and a

♣ Zhongguang ZGG Power Supply Level 1 Protection Module Three

Buy ♣ Zhongguang ZGG Power Supply Level 1 Protection Module Three Phase ZGG120-385/4 Surge Protector SPD online today!

### ZGG40-1500 (2+1)PV

The ZGG40-1500 (2+1)PV Modular Power Supply SPD is connected in parallel with the DC power system or photovoltaic system, which can be used to implement

### SPD ZGG40-385 (3+1)

The module protects against anti-plug and mutual insert. It is provided with overheat protection, failure indication and centralized remote signalling alarm dry contact.

Sichuan Zhongguang Lightning Protection Technologies Co., Ltd.

We provide advanced products and professional lightning protection solutions for our global customers, and are actively involved in basic research, standardization, testing, application engineering.

### SPD ZGG40-385 (3+1)

SPD ZGG40-385 (3+1), Find Details and Price about Surge Protector Arrester from SPD ZGG40-385 (3+1) - Sichuan Zhongguang Lightning Protection Technologies Co., Ltd.

Surge Protector Device Manufacturer, Two-in-One Network Power Surge ...

Surge Protector Device Supplier, Two-in-One Network Power Surge Protector, Lightning Arrester for Signal Surge Protection Manufacturers/ Suppliers - Zhejiang Zhongguang Electric Co., Ltd.

Modular Power Supply Surge Protector ZGGF20-260B

Modular Power Supply Surge Protector ZGGF20-260B (3+1), Find Details and Price about Surge Protector Arrester from Modular Power Supply

ID No. 1111237063: Sichuan Zhongguang Lightning Protection

Certification Information about Sichuan Zhongguang Lightning Protection Technologies Co., Ltd. / Surge Protector, Signal Surge Protective Device, 1) ZGXM-MZ1J-5c; ZGXM-MZ1J-5f ZGXM-MZ2J-5c;

ZGG80/100/120 Series

This series is used for primary and secondary surge protection. The 3+1 and 1+1 configurations are composed of MOV and GDT power module for L-N, N-PE protection respectively.

SICHUAN ZHONGGUANG

With quality assurance systems and after-sales service, Zhongguang supports customers with both products and project-level engineering capability, holding ISO 9001 certification as well as Level I

SPD Manufacturer, Lightning Protection, Lightning Protection Supplier ...

Zhongguang Hi-tech is the first lightning protection enterprise which passed the certification of ISO14001 in Chinese lightning protection field. Now it already has the certificates of UL, RoSH, China CCC, etc.

HI-TECH SPDDC01 Zhongguang Power Supply Switching Surge

This surge module, manufactured by Zhongguang, is a crucial addition to any power supply system that requires high levels of protection against electrical transients.

China Type 1 Surge Protector Manufacturers

Type 1+2 surge arrester designed for low-voltage power supply system protection against surges at the boundaries from lightning protection zone 0B -2 and higher.

ZGGS40-670PVs1

ZGGS40-670PVs1 Modular Power Supply SPD consists of the MOV, flame retardant housing, and metal components, characterized by fire-retardant, over-current &

ZGGS40-890PV

The ZGGS40-890PV Modular Power Supply SPD consists of the MOV, flame retardant housing, and metal components, characterized by fire-retardant, over

ZGG40-\*\*\* (4+0)hs

This series is made up of MOV power modules and a base, used for secondary protection of L-PE, N-PE respectively. It is applied in low voltage AC power

ZGGS20-670PV1 Modular Power Supply Surge Protective Device (SPD)

There is a temperature sensitive part in this SPD module, product should not be welded for a long time, the wave soldering and the manual welding should not exceed schedule time.

♣ Zhongguang ZGG Power Supply Level 1 Protection Module Three

Buy ♣ Zhongguang ZGG Power Supply Level 1 Protection Module Three Phase ZGG120-385/4 Surge Protector SPD online today! Dear Sir/Madam, Thank you for visiting our store ☐The quality of our

ZGGS40-60

EN 61643-11: 2012 Low-voltage surge protective devices - Part 11: Surge protective devices connected to low-voltage power systems - Requirements and tests.
